「ISPOR日本部会の使命と役割」
The mission and the role of ISPOR Japan Regional Chapter

Kojiro Shimozuma MD, PhD
Ritsumeikan University /
President of the ISPOR Japan Chapter

4th HTA International Symposium
Nov. 2, 2015 @The University of Tokyo
Mission Statement

1. **Provide an environment where researchers, healthcare practitioners, and decision-makers interested in pharmacoeconomics and outcomes research can share knowledge at a country level.**

2. **Serve as a bridge in bringing together country researchers, healthcare practitioners, and decision-makers interested in pharmacoeconomics and members of the pharmaceutical industry, health-related organizations, and academia.**

3. **Act as a resource at a local level for individuals interested in pharmacoeconomics and outcomes research**

4. **Provide an opportunity for country-specific chapter members to become more familiar with the activities of ISPOR as well as participate in its activities.**

News Letters

- 1-2 times / year
- Annual meeting reports
- International meeting reports
- Announcement of coming events
Collaborating events

• Collaborating conferences with other Japanese society / academic group (ex. CSP-HOR, Jap. Soc. QOL/PRO Research)

• Collaborating seminar with Keio Business School and ESSEC School of Business
ISPOR 8th Asia-Pacific Conference

• 8-11 Sep. 2018
• Tokyo, Japan
What should be discussed now on ISPOR Japan to smoothly introduce HTA to health policy or society? – my opinion

– Technical issues
  • Guidance for indirect comparison of outcomes
  • Developing reliable Japanese utility data base
  • Developing guidance for mapping from QOL /PRO scores to utility scores
  • How to apply real-world data (other than clinical trial data) to model analysis

– Ethical/social issues
  • What kind of social value (ex; ethical principles, innovation, etc.) should be considered in decision making in Japan?
  • Developing the reasonable and transferable system for decision making

– Others
  • Reinforcement of the insurers’ function
  • Can we apply HTA to the variable reimbursement rate and can we introduce private insurance more in Japan?
