

## **Speaker Profile (in order of appearance)**

### **Martin DRESNER (Vice President of the Air Transport Research Society)**

Martin Dresner has served on the faculty of the R.H. Smith School of Business at the University of Maryland since 1988, where he is currently Professor and Chair of the Logistics, Business and Public Policy Department. He received his Ph.D. in Policy Analysis from the Sauder School of Business at the University of British Columbia. Dresner's research focuses on two broad areas, air transport policy and logistics management. He has published papers in leading transportation, logistics, and supply chain journals, as well as in related fields. In addition, Dresner has co-authored a book on supply chain management. Professionally, he is editor of Research in Transportation Economics (until Dec. 31, 2012) and immediate past editor of Transportation Journal. In addition, he has been active in several organizations, including stints as president of the Transportation and Public Utilities Group and the Transportation Research Forum. He currently serves as Vice President of the Air Transport Research Society and is on the Scientific Committee of the World Conference on Transportation Research and the European Aviation Conference. Dresner has testified before the U.S. House Aviation Subcommittee, and has worked on consulting projects for a number of organizations, including the Maryland Aviation Administration, the Federal Aviation Administration and the U.S. Department of Energy.
