Dear Students,

I would like to inform you of the work program and assignments for Days 2 and 3 as follows.

Day 2 Monday, October 20 (period 2, 10:30-12:10)

You are required to give a presentation on a topic or topics of your interest and encouraged to participate in discussion following your peers' presentation. You have **no more than 3 minutes** (shortened from 5 minutes as originally planned due to the larger number of registered students) to present a topic or topics of your interest as you have described in the pre-class assignment form. You do not need to prepare a handout nor PowerPoint slides.

Day 3 Wednesday, October 22 make-up class (period 1, 8:40-10:20)

You are required to read the following two papers and to write a short note (**no more than 600 words**) about (a) your understanding of key ideas and questions raised by the authors, (b) terms and concepts that you need clarification, and (c) issues identified for further discussion. Please bring your note in class and submit it after class by e-mail to me (with cc to Ms. Takase)—this time, you do not need to submit it twenty four (24) hours before the beginning of the class.
