

【Common ID】

Common ID is **18 digit printed below your photo** on your student ID card.

This number will never change during your enrollment in the University of Tokyo (even if you continue studying in a PhD course at another graduate school).

In many systems (including ECCS and LPnet), we use the **last 10 digit** as user's ID.

Example:

Example :9999999999

Mail address: 9999999999@mail.ecc.u-tokyo.ac.jp
