

ISSOT 2007

Notice of Recruitment from IATSS

The International Association of Traffic and Safety Sciences (IATSS) is seeking about ten graduate students and young researchers studying in Japan who are willing to work on ISSOT 2007 steering committee (for more information about IATSS and ISSOT, please visit : URL:www.iatss.or.jp).

International Student Seminar On Transport Research or ISSOT is an annual conference on transport hosted by IATSS that provides opportunity for students and young researchers to exchange and share views and opinions on the present and future state of transport in mobile societies. It also aims to foster academic and professional linkage among its participants. This year it will be held in the fall of 2007 in Japan.

The steering committee, which takes full responsibility for developing plans for ISSOT 2007, will be comprised of graduate students and young researchers from different nations, universities and majors. The committee's official language is English. If you are interested in joining this committee, **please apply by April 27, 2007**.

The roles of the steering committee members include:

- 1) Attending committee meetings, to be held once or twice a month in Tokyo, that run from May through November of 2007.
**Travel expenses associated with attending such meetings will be reimbursed by IATSS.*
- 2) Developing plans for the symposium, technical tour and welcome party and implementing them in close cooperation with other members of the committee.

Received applications will be reviewed by ISSOT Advisors (university professors who are IATSS members) who then nominate candidates with a good mixture of nationalities, universities and fields of study in mind. Applicants will be notified of the result by email no later than May 11, 2007.

If you wish to apply, please kindly fill out the separate application form and email it to Ms. Mutsumi Hasegawa of IATSS at (hasegawa@iatss.or.jp). Thank you for your interest in this activity and we look forward to receiving your applications.
