

# Group-II Students Medical Check-ups

## Undergraduate and Postgraduate Students (Excluding New Students Enrolled in April, 2020) and Research Students

Medical check-ups are required by law. Please make sure you attend the check-ups during the specified period.

### Reservations and answering of the Online Medical Questionnaires is required

More information on the medical check-up reservation and online medical questionnaires can be found on <http://www.hc.u-tokyo.ac.jp/checkups/>

- Medical Questionnaires are available from 5pm on March 3, 2020. (Medical Questionnaires only)
- Reservations for Men are open from 5pm on March 10, 2020.
- Reservations for Women are open from 5pm on March 13, 2020.

Please check the bulletin boards of your faculty or graduate school for information, UTAS web on how to login.

\*A high degree of access is expected on the reservation start date which may cause difficulty in connecting or slow connection. In that case please try accessing the site at a later time.

<http://www.hc.u-tokyo.ac.jp/en/checkups/students-2/>

### 3. Please bring following to the Medical Check-up.

- ① Student ID Card / For visiting researchers: Identifications issued by your department  
(If you do not have a Student ID card yet, please bring your Certificate of Enrollment.)
- ② Print out of the three QR codes  
(These will be displayed after the online questionnaires have been completed)
- ③ Reservation number
- ④ Bring to wear or wear plain-colored T-shirts (see note 5-5) below)

### 4. Checks done during Group-II Medical Check-up:

- ① History taking and medical questionnaires, blood pressure evaluation
- ② Height and body weight measurement
- ③ Chest X-ray examination

### 5. Please note the following points on the Medical Checkup:

- 1) Please make a reservation and answer the Online Medical Questionnaires through the following website. For details on the reservation and Online Medical Questionnaires, access (<http://www.hc.u-tokyo.ac.jp/en/>).  
\*Priority is given to students who have a reservation. If you do not make a reservation, during busy periods you may have to wait a long time, or you may not be able to take the medical check-up at that time.  
\*Your answers cannot be registered unless the QR codes are available and unnecessary time will be wasted during the check-ups redoing the questionnaire.  
Please make sure to complete the questionnaire beforehand and to bring the QR codes with you.
- 2) Visiting researchers are required to register in advance before coming for a check-up each year. Please apply to your department to obtain your Common ID number. The Common ID is required when making reservation for your check-up and to check your result.
- 3) Medical check-ups can be taken on any campus. However, please make sure to have the medical check-ups without fail during the specified period.
- 4) Schedule for the medical check-up schedule may change without notice. Please check the website before turning up for your medical check-up.
- 5) Please wear clothing that you can remove from your upper body for the chest X-ray examination. Please wear or bring a plain T-shirt and refrain from having any metal fittings, adjusters, prints, beads, buttons, lace, gathers, elastic strings, embroideries, lame materials, undergarments with bra cups, collars, V-neck shirts, or overlapped thick materials.
- 6) Health certificate can be issued from three weeks from the date of examination. The results of the first day will become available first. If you urgently need a certificate, please make sure to take the medical check-up on the earlier dates.  
\*Excluding schedule of Hongo area in April. For details, see the Health Center website.
- 7) If you do not take a medical check-up at the university during the specified period, you cannot be issued with a health certificate until the medical check-up next year. Costs for medical check-up at other medical institutions and for preparing medical check-up documents will be your responsibility.
- 8) Please call the relevant Health Service Center if you are unable to attend the checkup during the dates because of justifiable reasons, such as hospitalization, studying abroad, taking leave of absence or working at one of the distant research facilities, etc.
- 9) If you wish use the result of a check-up at another clinic, please call the relevant Health Service Center beforehand.
- 10) Those who need special assistance should contact us in advance, as we expect the period to be busy.
- 11) Valuables should be looked after individually during the medical check-up. Please make sure that you do not lose or leave anything behind.
- 12) Visiting researchers can take the medical check-up after enrollment has begun.
