The University of Tokyo's Graduate School of Public Policy (GraSPP) will be holding a live online session via Zoom for prospective applicants to the Master of Public Policy, International Program (MPP/IP). In this session, participants will receive an overview of GraSPP programs and hear from MPP/IP alumni who will share their own perspectives from their time at GraSPP.

The two-year Master of Public Policy, International Program (MPP/IP) offers an extensive and diverse menu of courses taught in English. The program provides recent graduates and aspiring public policy professionals with an opportunity to learn cutting-edge multidisciplinary approaches to addressing public policy challenges. Our faculty consists of academics, who provide intellectual foundations, and policy practitioners, who share professional knowledge and experience with students. The diverse, international student body is close knit and provides program alumni with a global network of public policy professionals. Our cosmopolitan campus is located in central Tokyo with government and business districts within easy reach.
