Dear all,

It had been a nice conversation between us during my lecture to Graduate School of Public Policy, University of Tokyo on May 22, 2023. I am quite impressed on, and indeed thankful for, your enthusiasm in Trilateral Cooperation, and your strong message on solidarity and cooperation towards a future-oriented and friendly China-Japan-ROK relationship, which greatly incent Trilateral Cooperation Secretariat to fulfill our missions.

A strong youth community, a strong Northeast Asia. A brighter future of our region — featuring Lasting Peace, Common Prosperity, and Shared culture — truly lays in your hands. To this end, Trilateral Cooperation Secretariat will continue to work relentlessly to revitalize and expand trilateral youth exchanges by further engage you in our various projects.

To reach the above, Trilateral Cooperation Secretariat had accomplished an important step and forged a Trilateral Youth Exchange Network in early this year. I sincerely invite you to join this communal-based platform — a platform that helps you to find your peers in other countries as well as opportunities for personal advancement.

Last but not least, I also invite you to join our colorful youth projects under Trilateral Youth Exchange Network. Currently, Trilateral Cooperation Secretariat, in partnership with institutes of the three countries, is recruiting 100 undergraduates and postgraduates to the upcoming Trilateral Youth Summit in this August. I look forward to your participation.
