# GRASPP ALUMNI ASSOCIATION (龍岡会)

## **What:**

- The GraSPP Alumni Association is an independent organization run by alumni for alumni and current students.
- The Association aims to provide a platform for alumni and current students to interact and network physically and online.

## **Why:**

- The networks of students and alumni is generally limited to a few individuals of the same year of entry. As time passes (particularly after graduation), these networks shrink further.
- The GraSPP Alumni Association allows you to transcend those boundaries and meet GraSPPers who share the same professional and/or personal interests.

## **When:**

- Apart from the annual Homecoming Day (held around 3rd week of October), the GraSPP Alumni Association organizes monthly meetings for discoursing and networking.
- The Association also hosts career-related and topic-driven events for students and alumni.
- Events are held virtual and in-person (conditions permitting). Check out the events page on the website for more information!

## **Who:**

- Whether you are a current student or alumni, and came to GraSPP full-time, on an exchange or as a Dual-Degree student; all GraSPPers are welcome to join!
