授業の目標・概要 Course Objectives/ Overview	GraSPP Policy Challenge (GPC) offers the unique opportunity to students from diverse background to collaborate and seek to improve their teambuilding and policy-making skills. Participants are tasked with responding to pressing the real-world policy challenges as a group, and with designing policies and proposals in response to those challenges. All students from GraSPP/STIG are strongly encouraged to apply. Selected groups will be ultimately invited to present at the GPPN Annual Conference 2025 which will take place in New York, hosted by SIPA, Columbia.				
授業のキーワード Keywords	The Challenge We invite students to identify an important policy challenge in any public policy field and in any regional, international, or national context. Students should form a team and work together to develop their proposals. We are looking for student presentations on public policy proposals that demonstrate: <ul style="list-style-type: none">● Argumentation : A precise identification and analysis of the targeted population or territory; this precise analysis of the problem will need to be clear prior to discussion of any possible solutions● Figures : A strong use of analytics and empirics and how these can be applied to inform a solution to the public policy problem identified● Implementation : An astute understanding of how policy solutions can be implemented given the interests of the policy actors in the chosen context● Benchmarking : A clear awareness of when similar solutions have been tried in the past, why they were successful or amended in order to be successful in the future. The proposal should be concise but clearly argued and based on evidence from practice and/or research.
