

Accommodations for Applicants with Disabilities

The University of Tokyo provides reasonable accommodations to ensure that individuals with disabilities are not disadvantaged during entrance examinations and studies after enrollment. We also provide consultations for this purpose.

Those who wish to request accommodation for the entrance examination are required to contact the MPP/IP Desk at the time of application. Based on the requested accommodation, the applicants will be notified of the necessary application documents. After reviewing each request, the University will determine the accommodations appropriate to the type and degree of the disability and will inform the applicant of the result.

In cases where hearing aids, canes, wheelchairs or other aids used in daily life are employed, it is also necessary for applicants to request accommodation due to preparation.
